

CVAC Junior Playoff Competition

Postponement Guidelines

January 2011

-If a team is unable to attend a competition as a result of a school-based decision regarding weather or travel conditions as set out in [AP 805 Closure – Severe Weather and Student Transportation](#), they are to notify the tournament host by noon of that day.

-As a competition host receives weather/travel condition cancellations from participants, the following criteria will guide decisions:

-In order for the competition to go ahead, more than half of the teams must be able to attend (50% +1). The tournament organizer will notify all teams if the tournament is postponed, as well as Grant Elke (grant.elke@spiritsd.ca) and Jon Yellowlees (jon.yellowlees@spiritsd.ca).

-If there is less than 50% + 1, the competition will be postponed to:

-The next weekend if a weekend competition (based on gym availability and referees)

-The next day if a weekday competition (based on gym availability and referees).

-If a suitable facility is not available, the competition may be cancelled.
